DECLASSIFIED/RELEASABLE

RELEASE DETERMINED

PA or FOI EXEMPTIONS

FROM: [illegible]

Dated July 22, 1949

Rec'd July 25, 1949, 2:09

Date of filing: July 22, 1949

Secretary of State,
Washington.

A-11, July 22, 1949.

Reference Department's confidential airgrams A-25 of August 31, 1948 (2956) and A-7, of July 19, 1949 (1844), relating to the Department's desire to have this office issue visas to German scientists or specialists and their dependents now in the United States.

I am pleased to inform the Department that this office will be able to handle the prospective visa applicants.

It would be helpful to this office and to the applicants in expediting the issue of individual visas if each applicant or person representing them were to (1) prepare and submit in advance of their personal appearance preliminary visa application forms in order that the data and information contained therein may be transcribed to the application forms prior to the applicant's appearance here; (2) inform this office in advance of the date on which they wish to appear here for the purpose of completing their formal applications in order that no delay will ensue as the result of previous commitments or appointments made in behalf of other applicants; (3) to communicate with this office by telephone, Laredo no. 1749, immediately upon arrival in Laredo, Texas; (4) restrict the number of applicants to appear here on any one day to a maximum of three persons.

The Department's instructions relating to the absence of publicity of any kind regarding the applicants will be rigidly adhered to by this office.

TALIN LERO

Charles H. Talisierro/rh
Copy to Capt. Hooquist in ev,
J. Joint Chiefs of Staff
Washington.
